

Payment Integrity

Accurate Payment the First Time, Every Time

6 Degrees Health's Payment Integrity program **operates on a pre-payment basis** and uses clinical reviews to identify errors in claims, ensuring accurate payment processing while providing cost savings and the highest-quality service in the market.

*The error rate per claim is greater than **15%**, and **100%** of inpatient claims have billing errors – making claim reviews paramount.*

Service-First Approach

- › Our approach to clinical reviews is customized to meet the needs of payers and establish best practices, aiming to orient the reviews to minimize provider abrasion.

Proprietary Platform

- › Our purpose-built platform deploys artificial intelligence to support clinical review and provides clients with industry leading self-service reporting.

Clinical Expertise

- › We leverage extensive experience to assess each line item for appropriate billing, including routine supplies, services, pharmacy charges, laboratory tests, level of care, and implants.
